

Each fiscal year, South Dakota Advocacy Services (SDAS) sponsors Public Listening Sessions throughout South Dakota. These Public Listening Sessions are advertised in a variety of ways: local newspapers, radio & television stations, SDAS agency website, and through other disability-related agencies. All are welcome to come and share with SDAS what services are beneficial and what areas in South Dakota are in need of improvement. Currently the PAIR Program is providing assistance in the following areas:

- Information & Referral
- SSI/SSDI Appeals
- Employment Issues
- ADA Questions & Issues
- Physical Accessibility
- Disability Awareness Issues
- Deaf Issues
- Youth in Treatment Facilities
- At-risk Youth
- Incarcerated Adults
- Transitional Services
- Education

The PAIR Program collaborates with other SDAS Programs and disability-related agencies throughout South Dakota to provide training and outreach opportunities to the public to assist persons with disabilities. If you are aware of any concerns that you believe require further attention and are willing to assist in scheduling a training event in your community, please call the SDAS toll-free number.

PAIR is funded by the U.S. Department of Education, Rehabilitation Services Administration.

3,000 copies of this document were printed by SD Advocacy Services at a cost of \$0.0796 each utilizing 100% federal funds.
